FRENCH MAKE BIG GAIN

Give No Rest to Russians and Roumanians, Who Continue to Fall Back—Also Gain in Operations on the Transylvanian Front.

as a counter to the advance of the Teutonic allies in the Dobruja region of Roumania—the French have smashed the German line north and northeast of Verdun over a front of four and one-third miles, penetrating it along its entire length, in the centre gaining a distance of nearly two miles.

Preceded by a violent bombardment, such as marked the great attacks and counterattacks during the days when Verdun was the local point in world interest, the offensive

When night fell, the village and fort of Douaumont in the centre were in the hands of the French, while on their left wing the Frenchmen had pushed beyond Thiaumont and captured the Haudecument ferry and taken up positions along the

Bras-Douaumont road. On their right wing considerable progress also had been made from Duuaumont to Damloup. More than 3,600 prisoners and quantities of war material were captured by the French.

In the Dobruja region of Roumania the Germans, Bulgars and Turks are giving no rest to the Russians and Roumanians who continue in retreat along the entire front.

Rachova, on the river a short distance below Tchernavoda, and Medjudie, on the railway midway between Tchernavoda and Constanza, have fallen into the hands of the Teutonic allies. In the latter region cavalry is pursuing the retreating Russo-Roumanian forces well to the north of the railway line. More than 6,700 prisoners have been taken by

Constantinople reports the operations of Turkish submarines in the Black sea off the Roumanian coast in the sinking of a 3,000 ton Roumanian transport and a sailing supply ship bound for Constanza with provisions.

Predael, to the southward of Kronstadt on the Transylvania front, has been captured by the Austro-Germans, according to Berlin. The resistance of the Roumanians at the Rothenthurm pass, south of Hermannstadt, has been broken. Bucharest announces that in an attack along the entire Oltz region the

On the Austro-Italian front the

Austrians and Italians at various points, especially on the Asiago plateau, in the Sugana valley, in the Piave sector of the middle Isonzo and on the Carso front, are vigorous.

The Serbs in the Cerna region of the Macedonian front have put down a German-Bulgarian attack and themselves delivered a thrust which was rewarded by the capture of several trenches. In the Deiran sector the British also captured a Teutonic allied trench. Floods are interfering with the operations on the Struma front.

Four British and four Norwegian

steamers have been sunk by submarines or mines. The tonnage of the British steamers sunk aggregated 12,291.

**CHARLESTON COURT
SEES LIVELY DAY**

Many Liquor Cases Tried at General Sessions—Several Fines of Guilty.

Charleston, Oct. 24.—Solicitor Grimsball did a lively business in the

handling liquor cases. The Motor Transport company received a fine of \$300, pleading guilty to storing liquor. Angelo Malto, pleading guilty of violating the prohibition law, got a chain-gang or penitentiary sentence of four months. And A. J. Barton, found guilty of two counts of violating the prohibition law, received a sentence of six months on the gang or in the penitentiary, three months being suspended. His counsel gave notice of his absence was found guilty on two counts, but not sentenced. Tomorrow more liquor cases will be taken up. Vincent Chifco is one of the defendants.

FRIDAY OCTOBER 27.

There has much been written and
much been said about the enforce-
ment of the liquor laws of South
Carolina, and it is not at all unlikely
that the next legislature will handle
the matter, in what way we cannot
say.

The gallon-a-month law, we be-
lieve, has decreased the consump-
tion of whiskey in South Carolina,
but many people are getting around
this law by ordering whiskey in the
name of another party, with the
content of the party of the second
part.

We know of one particular in-
stance in Chester of a young man,
who does not use whiskey but who
has allowed a friend to order the
extra gallon in his name. The
fact of the whiskey business is one
the prohibitionists are anxious to
eliminate and it seems to worry them
considerably.

The solution of this problem does
not perplex us in the least. Instances
as mentioned above can easily be
stopped. Pass a law requiring the
transportation companies to publish,
once a month, a list of all parties
who receive consignments of whis-
key in that particular month, and
believe us, any man who does not
use whiskey will most certainly not
allow the use of his name by a friend.

When one is hunting advice it is
no trouble to find a person who is
ever ready to lead you by the hand
of it. If you doubt this statement en-
ter the field and see how quick you
are convinced of the fact as above
stated.

Every newspaper, magazine and
person is today passing advice to the
farmer. We do it and we do not pro-
fess to know anything about farm-
ing. Possibly we are conceited
enough to think we can advance an
idea some time. Well, we are glad
an idea enters our head and why not
while. We feel sorry for a fellow
who never has an idea to advance,
be it worth while or not. We believe
in the farmers of the country rais-
ing their "hog and hominy." Under-
stand, we do not contend this to be
anything new but here is the point.
We have heard cotton mill men make
the statement that the only way the
farmers of the South could ever ex-
pect to be successful was to raise
their own "hog and hominy." In
other words, stop sending your
money into foreign parts. That
sounds pretty good but why don't
the mill men practice the things
they preach. The cotton mills of the
South manufacture cotton goods and
ship them to some New England
plant to be finished. The cotton mill
makes a profit, at least it is pre-
sumed to make one, the man who
does the finishing makes a profit,
the railroad is paid to carry the
goods from the manufacturing plant
to the finishing plant and then they
are shipped back into the same ter-
ritory from whence they came to be
sold to the consumer. It seems to us
that if the cotton mill men and the
finishing men would do their own
finishing they could easily pull in the other fellows
profit.

Very few newspaper men know
anything about the cotton mill busi-
ness and very few cotton mill men
know anything about farming, so
there it is.

UNITING THE PROGRESSIVE VOTE.

When two conspicuous men liv-
ing as far apart as Kansas and West
Virginia, one a Progressive, and the
other a Republican, find practically
the same reasons for supporting Mr.
Wilson, the fact has more signifi-
cance than many straw votes involv-
ing a larger number of persons.

Victor Murdock of Kansas was
one of the honest founders of the
Progressive Party. He turns from
Mr. Hughes as a reactionary and re-
cepts Mr. Wilson on his record as
the candidate who would "more cer-
tainly further the progressive prin-
ciples so vital to the Republic and
to civilization itself."

Thomas P. Ryan of West Virginia
was long a member of the Republi-
can State Executive Committee. He
will vote for Mr. Wilson because
his Administration "has given the
country more progressive legislation
than was ever enacted under any
other Administration in the Nation's
history."

These expressions bear out the
President's theory that it was the
progressive vote and not the Republi-
can vote that was split four years
ago. Today Mr. Wilson is the

only progressive candidate, and as
such he is clearly entitled to the sup-
port of all who would have govern-
ment keep pace with every forward
movement of mankind.—New York

SANDERS-RAUTON.

Rock Hill, Oct. 26.—An interest-
ing event of this afternoon will be
the marriage of Miss James Sanders,
daughter of Mr. and Mrs. J. J. San-
ders, of Johnston street, and Edward
May Rauton, also of this city. The
ceremony will be very quiet, with
only relatives of the two families
and a few close friends present. The
officiating minister will be Rev. W. J.
Nelson, of the First Baptist Church.

The residence is simply but taste-
fully adorned with potted plants and
cut flowers.

There will be no attendants, the
young couple entering the ceremony
room together, the bride wearing a
modish coat-suit of dark blue, with
hat and accessories to match and
carrying an arm bouquet of white
chrysanthemums and asparagus
ferns.

Miss Sales of the city school fac-
ulty will play the wedding march.
Miss Sanders is the youngest
daughter of James L. Sanders, for-
merly of Chester, but now having
headquarters in Rock Hill, as special
agent of the Southern Railway. She
is a young woman of special charm
and attractiveness, being possessed
of a bright sunny nature and af-
fectable manner.

Mr. Rauton is formerly of Green-
wood, where the family have a host
of friends. He has lived for a year
or two in Rock Hill, being the effi-
cient linotype machine operator of
the Evening Herald. He is a young
man, exemplifying in every way,
and is quite popular with a large number
of friends, all of whom will unite
in the best of good wishes for his
happiness.

Mr. and Mrs. Rauton will leave on
the southbound train for a short
wedding trip, and upon their return
will be at home to their friends for
the present. At the home of the
bride's parents.

From newspaper reports there ap-
pears to be considerable dissatisfa-
ction in Rock Hill about the carnival
which was at the recent county fair

there. We also find complaint regis-
tered in Greenwood and Greenville,
where it is stated immoral shows
were allowed.

The only complaint we have heard
about the Chester county fair was
the fact that the carnival was not
a gay affair. When we consider the
complaint being made in neighboring
towns we believe Chester should be
proud of the fact that she did have
a "punky" carnival.

THE BIG STORE

We're Showing The Best Line We Ever Had The Most Attractive—The Best Tailored—The Best-Styled.

Any one who takes ordinarily but a passing interest in "Ready" clothes, and maybe thinks of them as they were ten or twenty years ago, should have a good look at the clothes we're showing now. The difference will astonish you. Clothes making skill has progressed marvelously. Even the near "flivver" of today is better than the old time costly car. So with Ready Clothes—they've gone ahead tremendously. Look over our new models. Try on a coat or two, your size; ask one of our men to slip one on. Note the "hang"; the contour, the general effect. Observe the perfect "back", the smooth-setting collar—the graceful curves of the naturally shaped shoulders, the "just right" front lapels, button spacing and pockets. We will be glad to show you through.

PEARSON INQUEST FINISHED

The inquest over the death of Mr.
Robert L. Pearson, who was killed at
Nitroale about six weeks ago, was
again taken up by Coroner Gladden
yesterday and a number of witnesses
examined at the Court House.

As a result of yesterday's proceed-
ings the coroner's jury rendered a
verdict that Robert L. Pearson came
to his death by gunshot wounds in-
flicted by Joe McKinney, white,
Johnson Ray and Fred Sadler, col-
ored.

It will be recalled that McKinney
was camp deputy at the time of the
shooting and had called in Mr. Pear-
son to assist him in quieting a row
among the negroes in the camp.

McKinney was arrested and placed
in jail yesterday. Ray has been in
jail for some time and Sadler is
still at large.

THIS IS CERTAIN.

The Proof That Chester Readers
Cannot Deny.

What could furnish stronger evi-
dence of the efficacy of any remedy
than the test of time? Thousands of
people testify that Doan's Kidney
Pills have brought lasting results.

As a result of yesterday's proceed-
ings Home endorsement should prove
undoubtedly the merit of this reme-
dy. Years ago your friends and
neighbors testified to the relief they
had derived from the use of Doan's
Kidney Pills. They now confirm
their testimonials. They say time has
completed the test.

Mrs. R. G. Stricker, 109 Pinekey
St., Chester, says: "I had back-
aches and headaches and at times I
was dizzy and nervous. Doan's Kid-
ney Pills, which I got at the Chester
Drug Co., made me feel much bet-
ter." (Statement given March 29,
1911).

LASTING RESULTS.
AFTER A LAPSE OF OVER
THREE YEARS Mrs. Stricker said:
"I haven't had to take Doan's Kid-
ney Pills since they rid me of back-
ache. My faith in this medicine is as
strong as ever."

Price 50c, at all dealers. Don't
simply ask for a kidney remedy, but

Mrs. Stricker has twice publicly re-
commended. Foster-Milburn Co.

POLICEMAN IS KILLED BY AUTO IN SALISBURY.

Olis Tolbert of Spencer, Driver of
Machine Is in Jail. Crushed Be-
tween Trolley-Car and Auto.

Salisbury, Oct. 26. W. Murray
Linker, extra policeman, regulating
traffic on West Innis street, the
thoroughfare leading to the fair
grounds, was killed at 7 o'clock this
evening by an automobile, and Olis
Tolbert of Spencer, driver of the
machine, is held in jail, charged with
causing his death.

The officer was caught between
the regular roadway for vehicles, and
a street car that was standing on
the track at a meeting switch. He
was rushed to a hospital but died
upon reaching it. Tolbert is said to
have been running very fast. Spe-
cial Officer Thomason, stationed at
Fulton street after vainly trying to
check his speed, had taken his num-
ber to prosecute him for speeding.
This was three blocks before he hit
Mr. Linker.

The dead officer was 58 years old,
and leaves a wife and six children.
One son is Burton Linker, whose
fine scholastic record at the Univer-
sity last year elicited comment all

over the State.

ville division of the Southern and has
a family at Spencer.

FORD EMPLOYEES GET RAISE BY NEW SYSTEM

Twenty-five Per Cent Increase in
Wages Is Given All Men on Prob-
ation at Charlotte Branch of Big
Concern.

Charlotte, N. C. Oct. 26.—Eight-
een men employees of the Charlotte
Ford branch will receive a 25 per
cent increase in wages, following a
recent order sent here by the main
office of the big concern. The men
who will receive the raise are proba-
tioners, who ordinarily do not par-
ticipate in the profit-sharing plan of
the company.

At the present time, before an em-
ployee of any Ford Agency can be a
part of the profit-sharing system of
the concern it is first necessary for
him to serve a six-months proba-
tionary term.

While on probation the men re-
ceive 34 cents an hour but the new
system will raise that to 43 cents an
hour.

The Charlotte Ford Agency month-

ly disburses \$21,000 in Charlot-
te and the new system will result
in raising that disbursement within a
near future.
